ROADSIDE ASSIST & WOF\*

Stand out from the crowd in the **T60 ute**. It's the ultimate work horse providing equal power and comfort to get the job done. Whether you're transporting cargo from one job site to another, driving a gravel road to check on the farm's livestock or simply beginning your next DIY project, the combination of a spacious double-cab, 4WD capability and open tray makes it easy work.

## PACKS A PUNCH

The choice is yours – opt for a 6-speed manual or an 8-speed automatic transmission. It's got part-time 4WD, packs smooth power and torque, and handles like a dream thanks to its smooth automatic gear changes and responsive steering.

## BELLS & WHISTLES

This is your domain, take full control of the 10.25" touch screen infotainment system. Connect your smartphone and enjoy full access to navigation, calls, messages and music through the magic of Apple CarPlay®.

We understand how much time you spend behind the wheel, and so it was only right that the cabin is spacious, and the driver's seat is comfortable. Enjoy 6-way adjustments for positioning and in the T60 Lux model, you'll benefit from heated, electric seats.

The T60 has a rear camera, rear parking sensors and cruise control, plus essentials like air conditioning, power front windows, adjustable steering column and keyless entry (Lux only).

## BUCKLE UP

Drive with peace of mind in a ute that has been locked and loaded with an abundance of safety features.

Anti-lock braking (ABS), Electronic Brake Force Distribution (EBD) and Emergency Brake Assist (EBA) ensure optimal braking ability in any situation. With Hill Descent Control (HDC), Hill Start Assist (HAS), Traction Control System and Electronic Stability Program (ESP), the T60 supports you on the road at every turn.

The T60 combines impressive power with practical features, offering a dynamic driving experience. It handles towing up to 3,000kg with ease while ensuring smooth and responsive performance. Inside, you'll find a 10.25" Infotainment system for seamless connectivity, complete with Bluetooth, USB, and MP5 capabilities.

## CUSTOMISATION

Talk to us about colour choices, customisation, signwriting, parts and accessories – we'll see you right.

- Electronic Stability Program

Disclaimer: Safety technologies may not operate optimally under all driving conditions, operation and effectiveness depends on many factors. Driver is responsible for safe and attentive driving. Safety technologies are not a substitute for the driver's control over the vehicle. See owner's manual for complete details. Payload and tare weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to New Zealand towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Tare weight includes the vehicle with 10 litres of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and tare weight. When a genuine tow bar with wiring is fitted, and trailer is attached, parking sensors will be disabled.

\*The warranty is valid for vehicles registered on or after 1 January 2025 and covers a period of 7 years or 200,000km (whichever comes first) for Internal Combustion Engine (ICE) powered vehicles or 7 years or 160,000km (whichever comes first) on Electric Vehicles (EVs), starting from the date of first registration. It covers manufacturing defects caused by issues such as design, assembly, or raw materials in covered parts but excludes routine maintenance, wear-and-tear items, and damage caused by misuse, accidents or unauthorised repairs. To maintain the warranty, the vehicle must be serviced as per the maintenance schedule set out in the Service & Warranty Booklet. Warranty claims require proof of purchase and service records. The initial Warrant of Fitness (WOF) is provided at vehicle registration, with subsequent annual inspections required from the 3rd year. This warranty covers the subsequent WOF inspections at years 3, 4, 5, 6, 7 at an LDV Authorised Service Centre. This warranty complies with local laws and does not limit or exclude your statutory rights under the Consumer Guarantees Act. For full details, visit <https://ldv.co.nz/warranty/>.
